BUSINESS TYPE

WOSB / SDVOSB

IT Support & Web Platforms

Application support, content updates, end-user coordination, documentation, and QA for government web platforms.

Content & Compliance Support

AFPIIMS support, Section 508-aware updates, site hygiene, reporting, and process/SOP creation.

COTS Procurement

Sourcing and fulfillment of commercial off-the-shelf products through authorized channels; quote coordination and compliance support.

Procurement Support

Micro-purchase friendly sourcing for IT peripherals and supplies; GPC-ready quote support and fulfillment coordination.

CORE CAPABILITIES

What We Deliver

● AFPIIMS / Web Content Support

Content updates, page maintenance, QA, site clean-up, workflows, and basic reporting for DoD and federal web environments.

● Application / Platform Support

User support coordination, troubleshooting triage, documentation, and release support for government platforms and portals.

● COTS Product Sourcing

End-to-end sourcing of commercial off-the-shelf products through authorized distributors — from quote to compliant fulfillment — supporting simplified acquisitions and micro-purchase thresholds.

● Documentation & Training Aids

SOPs, quick reference guides, job aids, and light training materials to support platform adoption and knowledge transfer.

Staff Augmentation (Partner-Led)

Staffing fulfilled through a vetted prime/sub partner network. T. Walker LLC supports sourcing, screening, onboarding, and contract administration — seamless execution from day one.

DIFFERENTIATORS

Why T. Walker LLC

- ★ SBA-Certified WOSB & SDVOSB — set-aside eligible across multiple vehicles
- ★ Proven DoD platform experience (AFPIIMS); SharePoint familiarity through prior certification
- ★ COTS-ready: compliant product sourcing through authorized channels for simplified acquisitions
- ★ Low-friction support model: clear documentation, fast turnaround, reliable communications
- ★ GPC / purchase-card friendly — streamlined fulfillment for micro-purchases
- ★ Flexible partner model: supports primes with documentation, platform support, and admin coordination
